

Audurra™ Perforated Soft-Roll Premium

SANDING

Description:

The versatile Audurra Perforated Soft-Rolls Premium are specifically developed for Axalta premium paint and lacquers, designed for a perfect surface quality and long life in applications such as levelling primer filler, keying e-coat, finishing primer filler or keying blending area.

Features:

- Easy-to-understand system thanks to the new sanding steps C-D-E
- avoids application errors (high process stability)
- guaranteed re-coatability without scratch- and swirl marks
- faster process thanks to adjusted grit sequences
- material and cost savings through a clear process

Available in:

Description	Article number	Grit	Dimensions	Packaging unit
Audurra Perforated Soft-Roll Premium	D15352401	C	115mm x 25m	1 roll
	D15352402	D	115mm x 25m	1 roll
	D15352403	E	115mm x 25m	1 roll

Audurra™ Perforated Soft-Roll Premium

SANDING

Product profile:

Grit type:	Aluminum oxide
Grit range:	C - E
Coating:	Stearate
Bonding:	Resin over resin

Audurra™ Perforated Soft-Roll Premium

SANDING

Sanding process:

				
A	B	C	D	E
Removal of paint Levelling body filler	Finishing body filler	Levelling primer filler Keying e-coat	Finishing primer filler	Keying blending area
[corresponds to grit size 100 – 150]	[corresponds to grit size 180 – 240]	[corresponds to grit size 280 – 360]	[corresponds to grit size 500 – 600]	[corresponds to grit size 800 – 1000]

The application and usage of the new Audurra premium abrasives system is easier thanks to the new sanding steps A-B-C-D-E. Only 8 items cover 90% of the applications. The required sanding result is realized with material and cost savings through a clear process with adjusted grit sizes according to application, not according to standards. The simplified process (only 4 grits for paint preparation) avoids application errors and guarantees re-coatability without scratch and swirl marks.

Safety recommendation:

- Follow the general FEPA safety recommendations (<https://www.fepa-abrasives.com/abrasive-safety/documents/general-leaflet>)
- Use eye and face protection
- Use an effective dust extraction unit or wear a fine dust mask
