

Audurra™ Sanding Sponge Flex

SANDING

Description:

The Standard Pad with extra soft carrier material adapts perfectly to all profiled and rounded workpieces and exhibits a very low clogging tendency in applications with varnish, filler and paint. These characteristics ensure an even and perfect abrasive pattern without scratching. The Standard Pad can also be used when moist for special applications.

Features:

- Color coded for easy identification
- No risk of sanding through thanks to pressure equalizing foam
- Highly adaptable to contours, curves and profiles
- Low clogging
- Can be used many times
- Consistent performance throughout the life of the product
- May be used wet or dry

Available in:

Description	Article number	Grade (Foam color)	Dimensions	Packaging unit
