Temperature Rating	Suitable for low bake cycles

How to use this product:

1. Remove wheel from the vehicle and deflate the tire.

2. Clean the inner rim ensuring it's free from dirt and grease.

Audurra™ Wheel Rim Repair Mask

MASKING

How to use this product (cont.):

3. Apply the product by placing the elasticated band around the rim, ensuring the treated side of the film is facing upwards.

4. Carefully flip over so the wheel is facing the ground, draw the corners of the product together and tape down.

5. To complete the masking process, flip the wheel over, checking that the elasticated band is still creating a seal and then paint.
